

# Compact Laminate

## SOLID PERFORMANCE THROUGH AND THROUGH...

Sometimes the project just calls for a little more. A little more strength. A little more durability. A little more, well, toughness. That's when you can turn to Ralph Wilson Compact Laminate. Available in a range of thicknesses from 1/16" to 1", the panels can be coordinated or matched to the other Ralph Wilson® Laminate surfaces in your space. Perfect for toilet partitions and elevator cabs, wainscoting and wall cladding, hospital headboards and laboratory tops. And there's more. When you need a little more.
